^Any school in operation during the 2019-2020 school year was funded using the FTE, economically disadvantaged and non-economically disadvantaged counts from the FY20 Final #2 payment. Any newly opened school eligible under Criteria 2 was funded using FTE, economically disadvantaged and non-economically disadvantaged counts are pulled from FY21 January payment.								
*Funding was calculated by providing \$1,750 for each economically disadvantaged student and \$1,000 for all other students. However, the number of schools/students receiving the designation as a Community School of Quality exceeded the appropriation amount of \$30,000,000.00. Therefore each school received a prorated award equal to 58.45% of the calculated amount.								
For more information about each criteria, please visit Quality Community School Support homepage
