**Worksheet Efficiency**

Answering the questions below will batch-fill the answer to Question 1 on identified items for which the item would be Not Applicable based on that answer. The item questions that may be affected by batch-fill are highlighted in pale yellow throughout the worksheet.

NOTE: If the answer is deleted in the Efficiency area, the auto-filled answer will be deleted from all associated items. If an entry is made directly into the answer cell for any listed item or an answer is deleted, the batch-fill formula will no longer be active for that item.

NOTE: This method of batch-filling the answer to Question 1 for identified items is offered as an efficiency for items that may not apply to the school being reviewed. It does NOT release the sponsor from its responsibility to review all laws and rules or ensure that the worksheet has been accurately completed.
