2.15 STUDENT GRADUATION–CORE SUMMARY RECORD

Required Reporting Periods

The Student Graduation–Core Summary Record is to be reported for the October (K) and Graduation (G) reporting periods.

General Guidelines

The Student Graduation – CORE Summary Record will allow districts to report the subject area and credits/units earned by students towards graduation in alignment with the new CORE graduation requirements. For additional information on these requirements, search for “CORE Graduation Requirements” from any ODE web page.

A separate Graduation – Core Summary Record is to be reported for each student for each CORE Area in which the student has received any amount of credits/units toward graduation. This record will only be reported by the district that grants the diploma.

Period G Graduate Reporting

Student Graduation – CORE Summary Records are reported in the Graduation (G) reporting period for all students that attended and graduated from the district during the school year (including summer graduates).

All students that have a Student Attributes – No Date Record (FN) reported during the Graduation (G) reporting period should have multiple Student Graduation – Core Summary Records reported for them in all areas in which the student received credit/units toward graduation.

Students that are reported through the Graduation – Only (GP) Record during the G reporting period should not have Student Graduation – CORE Summary Records reported.

Period K October Reporting

Student Graduation – CORE Summary Records are reported in the October (K) reporting period for all students in grades 9 and above during a district’s October Count Week whose current status within the district would mean that they would graduate from that district once graduation requirements are met.

GC records reported in October should reflect the graduation credits earned up through the start of the current school year. This would also include credits transferred from another district at the start of the year that will be used to meet graduation criteria in the new district.

If a student who meets the above criteria has not yet earned credits in one or more CORE areas, then there will be limited GC records to report for that student. Therefore, most first-time 9th grade students will not have any GC records to report, unless a student earned high school credit before starting 9th grade.

Reporting Instructions. Report the most specific option that would apply. For example, if a student takes a business course as an elective report the ‘BUS’ option instead of the ‘ELE’ option since the ‘BUS’ option is more specific.

This count (or sum) is across all years and courses that meet each CORE Area requirement. The count is cumulative across districts in that each CORE Area’s total may include:

- courses taken in the district that will award the diploma,
- courses taken at other education organizations but transferred to and accepted for credit by the district that will award the diploma, and
- any other experiences for which the district that will award the diploma has awarded credits towards graduation for the student, subject to any relevant local and state policies.

 **CORE Area Count**

Record Field Number	GC070
Definition	The total number of credits/units earned in the area designated by GC060 Core Area Code.

Valid Options

00.01 – 99.99

Reporting Instructions. Include all credits/units recognized by the district that grants the diploma, even if the count is greater than the minimum CORE graduation requirement. In determining if a stu-

dent met CORE, extra credits in one area (such as English Language Arts) can be counted towards meeting the requirement in another area (such as Electives).
