3.7 STAFF SUMMER EMPLOYMENT SEPARATION RECORD

Required Reporting Periods

The Staff Summer Employment Separation Record is to be reported for the October (K) reporting period.

General Guidelines

A Staff Summer Employment Separation Record (CL) may be reported in the October (K) reporting period for any staff member who was employed in the district at the end of the prior school year but separated from all employment with the district as of the current school year. If a staff member works even a single day of the current school year in the district, the CL record may not be used to report separation.

Staff who separate over the summer may be reported with a full Staff Demographic Record (CI) and Staff Employment Record (CK), or may be reported with a single CL record. Note that if CI/CK records are reported, all elements on those records must have values that are valid for the current school year. If a district reports a CL record, then that staff member cannot also be reported with a CI/CK record during October.

If a staff member had multiple CK records in the prior yearend and left over the summer, the district may report a single CL record that matches only one of the CK records on State Staff ID, Position Code, and Local Contract Code. The district may also report a CL record for each prior yearend CK record, matching on appropriate fields, but this is not required. As this record can only be used if all employment ends, ODE will assume that the staff member has separated from all positions if a single CL record is reported.
