## 2.19 STUDENT CONTACT (FF) RECORD

### ***Required Collection Requests***

The Student Contact (FF) Record and the relevant elements are required reporting for community schools during the SOES Student Contact (S) Collection. This record is optional reporting for all districts during the E-Transcript (E) and Student Record Exchange (X) Collection Requests.

### ***General Guidelines***

The Student Contact data elements are reported for the SOES Student Contact (S), E-Transcript (E), and Student Record Exchange (X) Collection Requests. The data describes the current contact information for the student as reported by the Local Education Agency (LEA). Examples of student contacts would be the parents or legal guardians of the student.

The data ties the contact relationship to the student and indicates the sequential order in which the contacts should be contacted. If a Student Contact (FF) Record is reported, the LEA should report at least one primary contact person for the student. However, several contacts may be listed where appropriate. A corresponding relationship code must be provided for each contact.

The elements appear in alphabetical order.
