### General Guidelines

Student demographic data elements are reported by the last building within a district where the student is/was enrolled on the last day of the collection request.

- If a student is enrolled in two or more buildings within a district, the demographic data is reported in the building where the student spends the majority of time.
- If a student is enrolled in two or more buildings within a district for the exact same amount of time in each, then the district will make the determination as to which building reports the student attendance and absence days.

If a student has been enrolled in more than one district during the year, each district is responsible for reporting a Student Demographic (GI) Record.

### Student Demographic Data Elements

The following portion of this section discusses each of the data elements within the Student Demographic (GI) Record. The elements are organized alphabetically.

#### Date of Birth Element

Record Field Number	GI070
Definition	The date on which the individual being reported was born.

#### Valid Options

YYYYMMDD

Year, Month, Day

**Reporting Instructions.** A birth date of August 11, 2000, is to be reported as 20000811. Date of birth is used by ODE to calculate student age.

**☀ EMIS Student ID Number Element**

Record Field Number	GI050
Definition	The locally determined EMIS student ID.

**Valid Options**

Nine-digit ID used by the school district

**Reporting Instructions.** The EMIS ID is the district-determined number that is used by districts for student tracking. This number uniquely identifies each student within the district. The school district is responsible for assigning this number. The EMIS student ID number is for local use only and is not submitted to ODE.

Districts should not eliminate this number from their systems with the implementation of the SSID. The SSID is used for EMIS reporting purposes.

**☀ Gender Element**

Record Field Number	GI080

**Valid Options**

M Male  
F Female

**☀ Hispanic/Latino Element**

Record Field Number	GI580
Definition	Indicates whether the student is of Hispanic/Latino origin.

**Valid Options**

N No, the student is not Hispanic/Latino  
\* Not Re-Collected

**Reporting Instructions.** Hispanic/Latino means a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

This element must be reported with the ‘Y’ or ‘N’ option if the student enrolled in the district on or after July 1, 2010, or if the student has a change in the district of residence.

The ‘\* - Not Re-Collected’ option should only be used for students that were enrolled in the district prior July 1, 2010 and the district did not re-collect the ethnic/race information for the student.

When the parent or guardian refuses to provide this information, the district shall use observer identification. This designation is required to be communicated to the parent or guardian by the district prior to designation.

☀ **Last Four of Social Security Number Element**

Record Field Number	GI600
Definition	Last four digits of Social Security Number.

**Valid Options**

- 0001-9999

**Reporting Instructions.** This element is only required to be reported for students who are reported at any time during the current school year as being Limited English Proficient (FD170 Limited English Proficiency (LEP) Status Element not equal to “N”) or as being an Immigrant (FD200 Immigrant Status Element equal to “Y”). For students who do not meet either of these criteria, the element may be reported with the student’s home language or with “\*\*\*\*” to indicate that the home language is not being reported.

For most students reported with a value other than “\*\*\*\*”, the language reported via this element will be the same as the language reported via the GI270 Native Language Element. The option value, however, may change to match the abbreviation used for the language in a national standardized list. For example, in GI270 Native Language Element, Spanish is reported as SPN. In this element, Spanish will be reported as SPA.

For students where the native and home languages are not the same, different values should be reported.

Although the list of valid options for this element is longer than the list for GI270 Native Language Element, there will be a few students whose home language is not represented in the list. For these students, the QOT option may be reported (note that the first letter is a capital “q”, not an “o”), but the percent of students in a district with the QOT option in this element should be much lower than the percent with OTH in GI270 Native Language Element.

The valid options for this element are based on two standards for coding language values (ISO 639-2 and ISO 639-3). The web site [www.ethnologue.com](http://www.ethnologue.com) is a valuable resource for additional information on the languages included in the valid options list. This site also recognizes the same three character language codes, so a search on the three character value at this site will return specific information on the language.

 **Summative Racial/Ethnic Group Element**

Record Field Number	GI090
Definition	The summative, based on USDOE requirements, racial/ethnic group of the individual being reported.

**Valid Options**

- W White, Non-Hispanic**  
People who have origins in any of the original peoples of Europe, North Africa, or the Middle East.
- B Black or African American (Non-Hispanic)**  
Persons having origins in any of the black racial groups in Africa.
- H Hispanic/Latino**  
Persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin regardless of race. (Valid only when the race/ethnic data was not re-collected or the Hispanic/Latino element is ‘Y’)
- A Asian**  
Persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent. This area includes, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- I American Indian or Alaska Native**  
Persons having origins in any of the original peoples of North and South America (including Central America) and who maintain tribal affiliation or community attachment.
- P Native Hawaiian or Other Pacific Islander**  
Persons having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
- M Multiracial**  
Persons having origins in two or more of the above options. (Valid only when the race/ethnic data was not re-collected or the Hispanic/Latino element is an ‘N’ and the parent/guardian chose more than one race option)

**Reporting Instructions.** This element will either be the value as reported in FY2010 yearend or will be a derived value based on the Hispanic/Latino element and the information on the Student Demographic – Race Detail (GJ) Records. If the Hispanic/Latino element is reported with a ‘Y’ then this element must be reported with the ‘H – Hispanic/Latino’ option; even if other options may apply. If the Hispanic/Latino element is reported with an ‘N’ then the ‘H – Hispanic/Latino’ option cannot be reported for this element. If multiple options apply (other than ‘H – Hispanic/Latino’) this element must be reported with the ‘M – Multiracial’ option and all applicable options should be reported through the Student Demographic – Race Detail (GJ) Record.

When the parent or guardian refuses to provide their child’s racial/ethnic group, the district shall use observer identification. This designation is required to be communicated to the parent or guardian by the district prior to designation.

***Defining a Unique Record***
