POSITION CODES

Position codes group the kinds of work staff members perform within the school district into general categories and divide these categories (or classifications) into activity assignments describing the major activities of each position.

These codes identify the staff member by his/her duties rather than by his/her job title, since job titles for the same position may differ across the state.

The *Position Code Element* consists of three (3) digits. Each district is to use those codes that are necessary or applicable.

Position codes are assigned by the Auditor of State.

OFFICIAL/ADMINISTRATIVE POSITIONS

A grouping of assignments comprising the various skill levels required to perform management activities, such as developing broad policies for the school district and executing these policies through the direction of staff members at all levels of the school district. Those activities performed directly by policy makers are also included here. (The Official/Administrative classification does not preclude Professional - Educational or Professional - Other status.)
