TABLE OF CONTENTS

6.5 OPERATIONAL UNIT DESCRIPTION (QC) RECORD

Required Collection Request

The Operational Unit Description Record is to be reported for the Financial (H) Collection Request.

General Guidelines

Each Operational Unit (OPU) is represented by a three-digit numeric code that identifies the physical location where educational activities take place. Districts are responsible for the assignment of codes to Operational Units. However, an OPU that encompasses the entire district must be assigned code "000". Any other OPU that is not district-wide in nature, such as a school building or warehouse, must be assigned a three-digit code between "001" and "999".

If the OPU is a school building, then use the building IRN for the entity IRN. If the OPU is not a school building and refers to district-wide expenditures, then the entity IRN must be the same as the district IRN and the entity type should be blank. If the OPU is the central office, the entity IRN must be the same as the district IRN, and the entity type must be reported as "C".

Defining a Unique Record

Each EMIS record has specific fields that must be unique on each row of data reported to ODE. For the Operational Unit Description Record, the following field must be unique.

Record Name	Record	Required Fields	Number
Operational Unit Description		Operational Unit	QC160
