

## LEVEL 2 VALIDATION ERRORS CATEGORY 1 EXPLANATION

The Level 2 Validation Errors, Category 1, identify data issues where a student has invalid or incorrect relationships reported between multiple entities. To remedy the errors, the Local Education Agency (LEA) should work with the other LEA to ensure that the Sent to and How Received IRNs and Codes are accurate, as well as ensuring that admission and withdraw dates for students moving into/from an LEA to another are not overlapping.

The errors contain the error code and description of the error, as well the Building IRN, Building Name, EMIS Student ID, Name, State Student ID, Reporting LEA IRN, How Received IRN, and Sent to IRN data elements.

### The Selection Criterion

Students are *excluded* from the report where the Local Education Agency (LEA) reports:

- Received from LEA IRN = '999999', or
- Sent to LEA IRN = '999999', or
- How Received Reason Code = ('E', 'F', 'G', 'I', 'N', 'M', 'V', 'X', '3', '6', '\*'), or
- Sent Reason Code = ('AU', 'CS', 'ES', 'MR', 'NA', 'PI', 'PP', 'PS', 'TS')

Note: In this category of validations, there is not a check to ensure that the Sent Reason and How Received Reason for each student are matching, only if one exists.

For each reporting period, there is a range of dates where a student must be reported with a Student Standing (FS) record, and there is a range of dates where reporting the FS record is optional. Errors which involve mandatory reporting of FS records will be flagged as Critical, which must be corrected prior to the end of the reporting period. Errors which involve optional reporting of FS records will be flagged as Informational, which may be corrected but are not required prior to the end of the reporting period. The following table should be used to determine the mandatory and optional reporting situations.

Reporting Period	Mandatory (Critical) Reporting of FS Record	Optional (Informational) Reporting of FS Record
	Date Range	Date Range
<b>K (October)</b>	July 1 up to the last day of October Count Week	The day after October Count Week through the end of the reporting period
<b>N (Yearend)</b>	First day through the last day of the current school year	No Informational errors will be generated for Category 1 checks for FY13N

## Sending LEA Error Codes

<u>Code</u>	<u>Error Message</u>	<u>Error Description</u>	<u>Error Level</u>
1.1A	Sent SSID not reported by indicated Receiving LEA. Error for Sending LEA	This SSID was reported by your LEA as having been sent to another LEA. That LEA either; <ul style="list-style-type: none"> <li>• did not report this SSID,</li> <li>• reported the SSID with an excluded How Received Reason, or</li> <li>• reported the SSID with a How Received IRN that is not your LEA.</li> </ul>	Critical
1.1C	Sent SSID not reported by indicated Receiving LEA. Error for Sending LEA	This SSID was reported by your LEA as having been sent to another LEA. That LEA either; <ul style="list-style-type: none"> <li>• did not report this SSID, or</li> <li>• reported the SSID with an excluded How Received Reason, or</li> <li>• reported the SSID with a How Received IRN that is not your LEA.</li> </ul>	Informational
1.2A	Received SSID not reported by Sending LEA. Error for Sending LEA	This SSID was reported by another LEA with a How Received IRN pointing to your LEA. Your LEA did not report this SSID as being sent to that LEA.	Critical
1.2C	Received SSID not reported by Sending LEA. Error for Sending LEA	This SSID was reported by another LEA with a How Received IRN pointing to your LEA. Your LEA did not report this SSID as being sent to that LEA.	Informational

## Receiving LEA Error Codes

<u>Code</u>	<u>Error Message</u>	<u>Error Description</u>	<u>Error Level</u>
1.1B	Sent SSID not reported by indicated Receiving LEA. Error for Receiving LEA	This SSID was reported by another LEA as having been sent to your LEA. Your LEA did not report this SSID as being received from that LEA.	Critical
1.1D	Sent SSID not reported by indicated Receiving LEA. Error for Receiving LEA	This SSID was reported by another LEA as sent to your LEA. Your LEA did not report this SSID as being received from that LEA.	Informational

1.2B	Received SSID not reported by Sending LEA. Error for Receiving LEA	This SSID was reported by your LEA with a How Received IRN pointing to another LEA. That LEA either; <ul style="list-style-type: none"> <li>• did not report this SSID, or</li> <li>• reported the SSID with an excluded Sent Reason, or</li> <li>• reported the SSID with a Sent to IRN that is not your LEA.</li> </ul>	Critical
1.2D	Received SSID not reported by Sending LEA. Error for Receiving LEA	This SSID was reported by your LEA with a How Received IRN pointing to another LEA. That LEA either; <ul style="list-style-type: none"> <li>• did not report this SSID, or</li> <li>• reported the SSID with an excluded Sent Reason, or</li> <li>• reported the SSID with a Sent to IRN that is not your LEA.</li> </ul>	Informational

### Sample Validations seen in the Data Collector

Error Number	Error Level	Message	Description	Record Identifying Fields
1.1A	Critical	Sent SSID not reported by indicated receiving LEA. Error for Sending LEA.	This SSID was reported by your LEA as having been sent to another LEA. That LEA did not report this SSID with your IRN as the How Received IRN. (During Mandatory FS Date Range)	'111111' = Building IRN, '987654' = EMIS Student ID, '987654, Abraham Lincoln' = Name, 'QQ1234567' = State Student ID, '222222' = Reporting LEA IRN, '-' = Admission Date, '-' = How Received IRN, '333333' = Sent to IRN, '-' = EFCTV_START_DATE, '-' = Effective End Date, 'ODE High School' = Building Name
1.1C	Informational	Sent SSID not reported by indicated receiving LEA. Error for Sending LEA.	This SSID was reported by your LEA as having been sent to another LEA. That LEA did not report this SSID with your IRN as the How Received IRN. (During Mandatory FS Date Range)	'111111' = Building IRN, '123456' = EMIS Student ID, '123456, John Adams' = Name, 'ZZ1234567' = State Student ID, '222222' = Reporting LEA IRN, '-' = Admission Date, '-' = How Received IRN, '555555' = Sent to IRN, '-' = EFCTV_START_DATE, '-' = Effective End Date, 'ODE High School' = Building Name
1.1D	Informational	Sent SSID not reported by indicated receiving LEA. Error for Receiving LEA.	This SSID was reported by another LEA as having been sent to your LEA. Your LEA did not report this SSID with that LEA as the How Received IRN. (During FS Optional Date Range)	'-' = Building IRN, 'Unknown' = EMIS Student ID, 'ZZ1234567' = State Student ID, '-' = Admission Date, '444444' = How Received IRN, '-' = Sent to IRN, '-' = EFCTV_START_DATE, '-' = Effective End Date, '-' = Building Name
