***Reporting Instructions.*** Districts do not need to report this attribute name if they have no kindergarten students: community schools that do not have a kindergarten grade level, ESCs, STEM Districts, JVSDs, OSB, OSD, and DYS.

H.B. 383 indicates that the school district may choose one of two dates by which a student must be five years old in order to be admitted to kindergarten.

School district boards must choose to adopt either the first day of August or the thirtieth day of September as the date by which a student must be five years of age to be admitted into kindergarten and six years of age to be admitted to first grade.

A parent may request early admission to kindergarten if the child turns five years of age after the district's kindergarten entrance date (August 1 or September 30). The local board of education shall determine entrance through a standardized testing program.

All remaining Attributes in this group—**STUHOMESCL**, **STUPNTRSRV**, **STUNPNTLGL**, **STUPSTCBTR**, and **STUPSTCATR**—are collected as an Attribute Number.
