STUDENT ATTENDING BUILDING OTHER THAN ASSIGNED REPORT

FUNCTION AND PURPOSE

The Student Attending Building Other Than Assigned Report is a Level 1 report that can be found in the Data Collector. Each entity running a Prepare for any Student Collection will receive this report.

Any student that is attending a building other than the one assigned will appear on the report.

If this report explanation—in concert with the EMIS Manual—does not answer your questions or help you to resolve issues with the students who are appearing on your Student Attending Building Other Than Assigned Report, then the normal path to getting help with EMIS reporting should be followed. The first point of contact should be the EMIS coordinator, followed by the Information Technology Center, then the EMIS Helpdesk, and finally ODE EMIS directly.

PROCESS DESCRIPTION

Each Student Attending Building Other Than Assigned Report lists the SSIDs (Statewide Student Identifiers) of students for whom a result is expected but is not being reported.

Data is sorted within the report by Last Name. Each row on the Student Attending Building Other Than Assigned Report represents a student whose Attending Building IRN does not match their Assigned Building IRN as reported on the Student Standing (FS) Record.
