# Overview

- Data Submission Goals for yearend
- FY10 changes impacting yearend
- Yearend reporting reminders/issues
- Yearend report updates

---

# Data Submission Requirements

- Yearend Measures (12)
  - District/Building Records
  - District Testing Record
  - Staff
  - Student
  - Course
  - Early Learning Assessments
  - Ohio Graduation Tests
  - Achievement Tests
  - OTELA
  - Special Ed Event
  - Program

---

# Data Submission Requirements

- Overrides
  - Certain circumstances prevent schools from being able to meet the measure %s
  - Submitted via the EMIS Help Desk via the Information Technology Center (ITC)
  - No Overrides or Waivers for district software system issues
  - Will go over which measures **allow** overrides/waivers as each measure is reviewed.

# Data Submission Requirements

- **Yearend Measures**
  - **District/Building Records – 100%**
    - Every school should be submitting one each of these records
  - **District Testing Record – 100%**
    - At least one record is required
  - **Staff – 100%**
    - Staff reported in October must be reported at Yearend
      - Does not include staff reported as separating during prior summer in October
    - **Override Requests – allowed for several reasons**
      - Staff had a change in Staff ID
      - Staff was reported in October erroneously

# Data Submission Requirements

- **Yearend Measures**
  - **Student – 100%**
    - Students reported during October reporting, except prior summer withdrawals, must be reported at Yearend.
    - Override Requests – allowed for one reason
      - Student was reported in October erroneously
  - **Course – 95%**
    - Each student requires at least one Course Record
  - **Early Learning Assessments – 100%**
    - Preschoolers enrolled during test windows must have a record reported by the appropriate entity
    - For Community Schools this is not measured as only Preschool records are being collected

# Data Submission Requirements

- **Yearend Measures**
  - **Ohio Graduation Tests – 100%**
    - Any student for whom a record must be reported must have the applicable test records submitted
      - OGT missing also identifies students who may have test records but due to an SSID change ODE cannot match – Records will need to be resubmitted
  - **Achievement Tests – 100%**
    - Any student enrolled during anytime of the test window must have the applicable test records submitted
    - Waiver for this measure is available – Potential Reasons
      - All students tested with STD assessment
      - Test Vendor does not provide test results by June 15, 2010
  - **OTELA – 100%**
    - Any LEP student must have this record submitted

# Data Submission Requirements

- **Yearend Measures**
  - **Special Ed Event – 95%**
    - At least one special ed event must be reported for a student with a disability
      - Valid dates June 1, 2009 – May 31, 2010
      - If an event takes place between these dates and it is not reported at Yearend funding can be impacted
  - **Program – 90%**
    - Not about a program record per student
    - Comparing 2009 yearend to 2010 yearend program counts
    - Only includes program codes reported in both 09 and 10
    - Override available
      - Reduced number of students being served
      - Misreported in previous year

---

# Data Submission Requirements

- Current penalties for incomplete /inaccurate data
  - During Reporting Period
    - Warning Notifications
      - Weekly measure % missed
      - No funding withheld
    - Out of Compliance Notifications
      - Weekly measure % missed **at least twice**
        - » Out of Compliance week counts as one of the these two weeks missed
      - Funding withheld

---

# Data Submission Requirements

- Current penalties for incomplete /inaccurate data
  - After Reporting Period
    - Acknowledgement Corrective Action Plan
      - Funding can be withheld if not the first time the measure % was missed
    - Full Corrective Action Plan
      - Funding withheld

---

# Data Submission Requirements

- Release of Funds
  - Funds are released weekly
  - During Reporting Period
    - When measure % is met
  - After Reporting Period
    - Receipt of Acknowledgement for the Corrective Action Plan or
    - Approval of the Full Corrective Action Plan

# Data Submission Requirements

- Missing Reports
  - Identify the students/staff who are impacting the percentages
  - If all issues have been resolved a report is not sent by ODE
    - Be mindful of the report date
- Questions?

---

# FY10 Changes at Yearend

- New Element: Scheduled First Day of School-Next Year Grades 10 and Above (DB590)
- Accountability IRN (FN140) default is now \*\*\*\*\* instead of “blanks”
- Dropped Grad Credits (FN130) and Corporal Punishment (FN200)
- R&R: Add JTC as valid code for
  - CORE Area Code (GC060) in G and
  - Subject Area for Credit (CN210) in N

---

# Final IEP Meeting Event- FIEP

- Could have had in K, but mostly yearend
- IEP team meeting that is...
  - Last meeting prior to graduation
  - A new IEP is not completed
  - Student will continue to receive exactly same services for remainder of school year
- Only Date and Non-compliance (if needed) are reported with this Date Type

---

# FY10N Reminders/Issues

- OEEN Early Year End flag
- Reporting as withdrawn at Yearend
- Testing Results
- Secure Data Center (SDC)
- Yearend Building record and ESCs
- Yearend vs. Graduate reporting
- LEP Reclassification Date

---

# OEEN Early Year End Flag

- Has several uses in aggregations
- Usually set for you by your ITC
- At certain date, checks will begin to be applied regardless of flag
- Can impact Data Submission requirements, as some checks will become fatals

---

# OECN Early Year End Flag

- Agg checks skipped (until date)
  - Student Attendance (last day+)
  - OAT/OGT Missing checks (June 15)
  - Future Dates in FS Records
    - *Warning until last day- then a fatal*
    - *Start Date*
    - *Admission Date*
    - *End Date*
  - Staff- HQPD (last day+)

# Withdrawn at Yearend

- If know student will not be returning next year, can report as withdrawn **as of last day of this school year**, including situations such as
  - ESC PS student who will be in KG in FY11
  - Student promoted beyond CS grade span
  - JVSD student who is not planning to enroll at JVSD in fall
  - Student will age out by fall
  - Parent requests record transfer or other event under district withdrawal policy
- Close FS and FD record with last day of school
- If not w/d and not carried forward in system, will have to re-enter... will not be granted an override.

---

# Getting Test Results Back

- Check/plan for access before results come
- Update file at testing vendor
  - Mismatch between grade levels-- no results unless accelerated and marked as such
  - Work with test coordinator now on special cases/issues
- Do NOT assume someone else will load
- Usually a late batch- make sure have summer contact information

---

# SDC Access and Reports

- Need to set up and test access now
- Make sure appropriate roles are set in OEDS-R for staff to access
- See Newsflash from May 1, 2008 for details
- Some information only available via SDC- district responsibility to access

---

# Yearend Building Record (DB) and ESCs

- Not required to report, but...
- Recommend enter a record with start/end dates
- Not needed at ODE, but read for agg process
- Without DB, will use defaults and may get unexpected results on some agg checks...

---

# G vs N/K: Withdrawal/Diploma

- School Year graduates are reported as withdrawn in Yearend reporting
- Summer graduates are reported as withdrawn in October
- All Diploma information is reported in Graduate period

---

# G vs N: Test Reporting

- Report OGT in N if available
- Only N included in accountability
- Only N included in Missing OGT
- Once N is closed, can report in G
- Should only have summer admin and errors from N reported in G

---

# G vs N/K: Course/Credit Data

- Courses are reported
  - In N for courses taken in current SY
  - Summer Grad courses are not reported in K
- Courses for grads still have credit elements reported in N
- Summary GC record (courses in district and elsewhere) reported in G for grads
- GC in K only for 9-12 ongoing students

---

# LEP Reclassification Date

- Criteria for a student to exit LEP status are in flux...
- If provided a reclassification date, should report, but LEP coordinator may make decision to not do any changes this yearend
- Still report from prior years- important for determination of LEP subgroup

---

# FY10N Major Report Changes

- IEP\_No\_Fund to IEP\_Funding
- New Open Enrollment report
- LEP report updates
- Consolidate Graduate reports

---

# IEP\_No\_Fund to IEP\_Funding

- Change from exception to all SWD
- Critical report for weighted funding next K
- EMIS staff and Special Ed staff must review this report together
- New detailed error messages and status (e.g. expired this spring vs in fall)
- Like GRAD\_INFO report
  - Students with most serious issues at top
  - Full list- make sure no students missed

---

# New Open Enrollment Report

- School Finance plans to base yearend OE adjustment on EMIS data
- Need to confirm that districts agree
  - Both sending and receiving are reporting
  - Each reporting a matching sent/received reason
  - Same District of Residence
  - Same OE date range & no enrollment overlap
  - Other data as needed
- If not agree at first, need agreement and update data
- Additional rules to come from SF

---

# LEP Report Updates

- Switch from TXT to CSV
- Provide summary levels based on reported scores
- Summary levels are basis for new exit criteria
  - Will not include exit information this year, but
  - Possible that this report will show exit in future

---

# Consolidate Graduate Reports

- Duplicate Grad no longer a stand-alone report- integrated into Grad Info
- Grad Test Required still exists, but student will be flagged in Grad Info
- If a duplicate grad or missing tests, will not count as a grad in rate

# Q & A
