Budget Update

▶Executive Budget

▶House Budget

▶Senate Budget?

▶Conference Committee?

RETAINED STATUS ELEMENT CHANGES

Changes to Valid Options

Adding sentence to further clarify definition of option "*"

> *Student was not retained at the end of the previous school year.* *Includes all 3rd grade students promoted to 4th grade having met the required promotion score on any administration of the state third grade reading assessment before the start of the next school year.*

Changes to Valid Options

▶ Option "B" (Summer Promotion Policy) going away

▶ Adding option "5"

    ▹ *Student demonstrated adequate performance on the TGRG Alternative Assessment for promotion to grade 4, but was retained for reasons other than the Third Grade Reading Guarantee.*

Changes to Valid Options

Adding clarifying language to options "J-L" to indicate

› *Student did not meet the reading requirement in the Third Grade Reading Guarantee, but was not retained due to adequate performance on the TGRG Alternative Assessment – (Iowa, NWEA-MAP, or Terra Nova)* *"before the start of the next school year."*

COLLEGE CREDIT PLUS

Ohio | Department of Education

EMIS Reporting and CCP

- Very similar to PSEO
  - Will use PS course code
- CCP now only way to do dual credit as a district
- Split % of time on FS record based on graduation units
  - District receives funding for that sent % time
- Course reported by LEA that planned it if more than 1 LEA, else by "main" district

Ohio | Department of Education

Funding for CCP

▸By law, funding driven by data from college

▸District and college can negotiate a rate per credit hour, else use state default

- ⤷ Taught on-campus
- ⤷ Taught in high school with college instructor
- ⤷ Taught in high school with HS instructor approved by college

▸Cost will be deducted from foundation payment

Funding Data Flow

▶ Process spelled out in OAC

▶ College submit enrollment, course, and fee information within 15 days of start of course

▶ ODE process data and present to resident district, JVS, community school, or STEM

  ▸ ODE will compare to FS data and course data for likely match

▶ If LEA does not object, student will be funded

ODDEX Module for CCP

▸ Data from colleges will be added to new ODDEX module
  ⊳ Course enrollment data
  ⊳ Negotiated funding data or default

▸ Data in ODDEX will indicate if the data matches data reported by the LEA

▸ LEA will have to flag student by deadline

▸ If an LEA flags the student, LEA and college will have process to resolve (TBD)

Data Collector Enhancements

Requests?

New EMIS Coordinator Training

▸Offered in Columbus in August

▸If interested, please send an email address you can be reached at over the summer to EMIS@education.ohio.gov

Vision for System

▸Data collector as one-stop shop for reporting and issues

▸ODDEX as tool to reduce duplicative reporting

▸Expanded use of SDC for validating more data
