

OEDSA Fall 2018 Grad Reports

David Ehle

September 2018

Overview

- A new approach- derived events
- Reports
- ODDEX

A New Approach

- Process data along the way, instead of at the end
- Use already reported data
- Process throughout the year
- Finally use “new” data
- Resolve many persistent issues
- Capture key data values

Types of Events

- Enrollment
- Assessment
- Demographic
- SSID Change/Deactivation
- Expected Graduation Year
- Accountability
- Exist in ODDEX as of today
- Work still being completed- will be added as completed

Reports

- Will continue most assessment reports in Files for now
- Level 2 reports, similar to existing, will be added
- First level 2 report very soon
- Report will be added in phases
 - Students you report who are in your cohort
 - Students others report who are in your cohort
 - Students who were but no longer are in your cohort
 - Additional information on students

Reports

- Naming and report code of cohort report will indicate expected graduation year (e.g., 2018) and year in the cohort (1st, 2nd, through 5th/8th)
- Will have an issue/error report in addition to the cohort listing report
 - 99 withdrawal without a diploma
 - Still enrolled in school year after diploma
 - Many more- list will be in report explanation

ODDEX

- New section added to History
- Ability to view events by student
- Use to research why a student appears as they do on the level 2 reports
- Can export for a student, but not for a set of students
