Known Issues Resolved:

- Level 2 FTE reports corrected, to now display the proper rows for each severity level.

New or Updated Level 1 Validation:

Error #	Description of Change
FS.0010	Corrected check to fatal record when a Withdrawal Reason is reported without a valid Effective End Date of the record.
FS.0032	New fatal check for newly added students to the 2 Year Not Tested list for eschools. These students would need to have a Tuition Type = 'D' on or after February 24, 2017 on their FS record.
FS.0085	New fatal check when an Admission Date is greater than the Effective End Date of a Student Standing Record.
MR.0050	New warning check for when a Reading Diagnostic = 'NO' is reported, and there is not also a Reading Improvement and Monitoring Program Code reported.

New or updated reports: Added Federal Child Count Detail and Federal Child Count Statement of Assurances Level 2 Reports, which will be updated nightly. See report explanation for details about the reports' content and layout. The Federal Child Count report will no longer be sent out twice per week via the ftp/alpha.

FTE Detail and FTE Adjustment Reports changed to display the severity code and as a result the

counts per severity will now properly function. The adjustment start and end dates on the FTE Adjustment Report also corrected.

New report for sSchools only, (ESNT-001) 2 Year Not Tested List for eSchools, displaying the students that have not been assessed for 2 years, and therefore if reported by an eSchool would need to be reported with a Tuition Type = 'D'.
