EMIS Release Notes- Updated Manifest

Collection Request Name: Spring ACT Assessment Collection (FY17)

Description of Change: Missing report has been turned on. It will display missing subject tests for students with vendor results on the state-wide assessment vendor file or if the student is enrolled during the test window at the tested grade level.

Planned Availability Date: 8/24/2017

Version Number: 2

Updated Version Requires:

- **Starting a new/restarting the current collection of data?** No
- **Running a new prepare of the collected data?** Yes
- **Replacing any data already submitted to ODE with a new submission?** No

"Updated Version Requires" Additional Information: All grade level subject tests for the student's tested grade level must be reported be reported for the student to not appear on the missing report.

Known Issues Resolved: We are researching on issue with the message displayed under the column, FA status of the missing report. Specifically, the message text- 'Enrolled in a test window and has vendor results. We have found that the text is not always accurate for students who have a combination of different missing tests and different reasons: 'due to enrollment' or 'due to vendor results'.

New or Updated Level 1 Validation:
