Planned Availability Date: 12/21/2022

Version Number: 7

Updated Version Requires:

- **Starting a new/restarting the current collection of data?** For some EMIS reporting entities
- **Running a new prepare of the collected data?** For some EMIS reporting entities
- **Replacing any data already submitted to ODE with a new submission?** For some EMIS reporting entities

"Updated Version Requires" Additional Information: None

Enhancements: None

Known Issues Resolved: New logic introduced to properly load the SSID on any Industry Credential Assessment Records, for students in the Exiting Student Follow-up lists. This issue was causing issues with the load of the data into the EMIS system.

If your district submitted FA records with the EMIS Id (local ID), and not SSID, please re-prepare and complete a new submission. By resubmitting, it will ensure that the Industry Credentials get picked up for the CTE group of students.

Outstanding Issues: None known

New or Updated Level 1 Validation: None
