

EMIS Release Notes- Updated Manifest

Collection Request Name: DPR Growth Assessment Collection FY19, formerly named Fall DORP Assessment Collection FY19

Description of Change: The collection name has changed to show that the collection is now for the entire school year. The Collection Request “short” name has also changed, FY19-A-DRP Grwth. This version allows for the reporting of all Map assessments taken throughout the school year instead of being restricted to either a Spring or Fall test window. The assessment should be reported as a full date (YYYYMMDD) using element FA210, Test Date Taken, to report the (YYYYMM) and element FA212, Test Day of the Month, to report the (DD).

Planned Availability Date: 1/28/2019

Version Number: 2

Updated Version Requires:

- **Starting a new/restarting the current collection of data?** No
- **Running a new prepare of the collected data?** Yes
- **Replacing any data already submitted to ODE with a new submission?** No

“Updated Version Requires” Additional Information: If you report multiple attempts within the same year and month without reporting the day of the month, the record will fatal with an 'FA.1001 – Duplicate record' error.

Known Issues Resolved: None.
