

Student Performance Results by Gender and Ethnic Group

Keystone Local School District, Lorain County

Breaking down your school district's overall performance record to show how different groups of students have performed offers a more complete picture of how well your district is doing. It also helps to ensure that no group of students is overlooked because the district as a whole is doing well. As you review the data provided in this report, consider these

questions: How does each individual group's performance results compare to your district's overall results for all students? Are there differences in the performance results of different groups of students? If yes, what factors might be contributing to those differences? What can be done to address the differences and to raise all students' performance to satisfactory levels?

	State Performance Standard ¹	District Average (all)	State Average (all)	GENDER				ETHNIC GROUP

¹ **State performance Standards** have been established by the Ohio General Assembly. No minimum state standards have yet been established for Science tests and 6th Grade tests.

² The State Board of Education is seeking a change in law to use the 90% graduation rate instead of the 3% dropout rate for this performance standard.

NA = Not Available NC = Not Calculated
 NR = Not Reported NS = No Standard
 NOTE: All test results are for the 1997-98 school year.
