All data are for the 1999-2000 school year

## Paulding Exempted Village School District, Paulding County

Breaking down your school district's overall performance record to show how different groups of students have performed offers a more complete picture of how well your district is doing. It also helps to ensure that no group of students is overlooked because the district as a whole is doing well. As you review the data provided in this report, consider these

questions: How does each individual group's performance results compare to your district's overall results for all students? Are there differences in the performance results of different groups of students? If yes, what factors might be contributing to those differences? What can be done to address the differences and to raise all students' performance to satisfactory levels?
